

THE PIG-on the beach to Agglestone Rock, Loop Walk

Approx. 2.5 miles (80 minutes)

1. Leave the hotel and walk uphill into Studland Village. Turn left along the main road to the Studland Stores. At the Store turn right down Heath Green Road.
2. Opposite No.23 turn right following the footpath sign for Heatherside Walk.
3. At end of the playing fields turn left and then left again following the next Heatherside Walk sign. Continue uphill through a shallow valley and on to a gravel road keeping the houses on your left.
4. For some great views, look over your right shoulder as you walk up this gravel road.
5. At top of the gravel road take a left hand turn through a single gate and, keeping the earthbank on your left, follow the path uphill for a while. When you reach cross paths with a gate on your left, turn right downhill on to a gravel path. Once again, there are some great views to your right. The gravel path then goes uphill and you come to a milestone at a cross paths. Turn right and follow the path to Agglestone Rock.
6. After a sit down, leave the rock by the sandy steps on the opposite side and follow this path across the heathland. Watch out on the first boardwalk for a small step halfway across.
7. Go up some steps and turn right, then right again at the next T junction. Take the bridge on the right over the stream and head for the gate.
8. Follow this gravel road past a farm and some cottages until you nearly come out on the main road. On the right hand side is a short green wooden fence, turn right here across the green. Walk on the verge for 50 yards then cross the road by the Bankes Arms sign.
9. Go down the path here towards Middle Beach. When the path finishes the hotel is in front of you.
